SATURDAY CINEMA MATINEE - SILENT FILMS SPECIAL: LAUREL AND HARDY

Saturday, April 20 from 12:00 p.m. to 1:30 p.m. | Board Room

Laurel and Hardy generally used visual humor, with slapstick for emphasis. They often had physical arguments, which were quite complex and involved cartoon violence. Their characters preclude them from making any real progress in even the simplest endeavors. Much of their comedy involves milking a joke, where a simple idea provides a basis from which to build several gags. Many of their films have extended sequences constructed around a single problem the pair is facing, without following a defined narrative.

SATURDAY NIGHT MOVIE - THE ZONE OF INTEREST

GOODWIN LIVING FOUNDATION

Goodwin Living
Foundation

At the recent Town Hall, our talented music therapists, Samantha Tedrow and Abigail Hanlon discussed their work and featured the Crdl, the care instrument designed to create impactful connections between people. Some residents asked about the cost of the Crdl. With shipping, our costs were approximately \$8,000 and the Foundation budgeted this amount when we were looking at priorities for this year. The first instrument was funded from a bequest that was restricted for the GHBC Terrace; the second instrument was paid for from a restricted fund designated for the GHA healthcare center. Currently, the instruments are used only in our assisted living, healthcare, and memory support areas. The majority of the funding for music therapy goes to support the salaries of our two music therapists and that remains the priority for now, though we aim to add additional instruments and programming as need and funding allows. If you have any questions about supporting music therapy, please contact Valerie Burke at vburke@goodwinliving.org or 703-824-1345.

NEW RESIDENT BIO - BETTY PLIONIS

Betty Plionis moved from her home on the Chesapeake Bay of Virginia's Eastern Shore to the Crossroads, Apartment 935 on March 18, 2024.

Betty grew up in St. Paul, Minnesota, where she graduated from the College of St. Catherine with a bachelor's degree in sociology and psychology. She went on to earn a Masters of Social Work degree from the University of Minnesota. Upon graduation, she worked with people with intellectual impairments in St. Peter, Minnesota. She then moved to Baltimore, Maryland, where she worked with what was then known as the Baltimore Association of Retarded Citizens but is now known as The Arc Baltimore. She married Dimitri Plionis in 1972, and together they raised four children while each pursued careers. In 1973, Betty returned to school at the University of Maryland where she received her Doctorate in Social Work. For the next twenty years, she taught at the National Catholic School of Social Service at The Catholic University of America. She retired in 2005 as a tenured professor and assistant dean.

Betty moved to GHBC to be closer to her children and grandchildren as she continues to age. She is interested in exploring all activities offered here. She loves to travel (especially to Greece) and loves to read, write, attend lectures, meet new people, and learn.

NEW RESIDENT BIO - DIANE RIVINUS

Diane Rivinus moved into Pointe apartment 771 on March 20.

Diane grew up in Roanoke, Virginia, and graduated from Jefferson High School there. She then graduated from William & Mary with a bachelors degree in Fine Arts History. At her mother's insistence she had also learned shorthand and typing. She used these skills when she traveled to New York to work at the Museum of Modern Art, first as a secretary and then as an assistant in various departments. She left there in 1965 and did some international traveling before returning to Roanoke and working at the main desk of the local library. After about

a year there, she came to Washington and began working in the Cultural Affairs department at the Department of State and then at USAID. While there she gained experience working in the new field of computers. She took these skills to a variety of departments in the federal government before retiring. Diane has always loved traveling and, from 1978 until Covid hit, was an active member of the Shillelaghs Travel Club, which provided opportunities to explore the world. She is happy to be settling in here at GHBC and is especially looking forward to attending concerts. She has already discovered the Mah Jongg group and will explore other activities here as well. She has been very impressed with the friendliness and helpfulness of both residents and staff here.

Featuring some of Dylan's most famous songs, including "The Times They Are A-Changin'" and "It's All Over Now, Baby Blue," *Dont Look Back* is a radically conceived portrait of an American icon that has influenced decades of vérité behind-the-scenes documentaries.
